### Description of the competition: short distance sprint competition under relay circumstances!

**Qualification:** At this competition athletes are assigned to steady shooting ranges. Qualifications are held in all divisions as a mass start, the groups are chosen by lot. The size of the groups is decided according to the number of participants, max.12 starters.

Three rounds a 500 m will be run, cut off by two shootings (prone / standing position). Per shooting each shooter is provided eight shots (5 of the magazine + 3 extra cartridges – must be recharged). Is there one shoot after eight shoots missed, the shooter has to spend a time penalty of 10 seconds in the penalty box.

At the group qualification the first three of every qualification race are qualified, as well as a specifiable number of starters by the jury that arises from the fastest in time of all qualification races.

**Final:** The final will be a mass start race. Only athletes that are qualified through the qualification race can participate in the final. The competition succumbs a given sequence of orders: Getting ready and shooting warm up shooting: 10 min. | Preparation for the start: 3 min. | Start. After the finish of all starters the stands for the rifles must be cleared immediately. Random rifle control for safety.
